

## Welcome,

Welcome, to the 21<sup>st</sup> edition of 'AMES High', which aims to keep customers and suppliers informed about major changes and developments at AMES in the Design, Production and CAMO fields.

## EASA 145 Approval for AMES Production and Logistic Services

AMES POA received its EASA Part 145 approval to offer a complete life cycle management for all AMES products. This approval allows our Production Organisation to do any repairs of AMES produced parts in our facility or onboard your aircraft. The approval was granted by Austro Control in the name of EASA on 02 February 2015.

## AMES CAMO

AMES CAMO is pleased to announce that in December 2014 we have received the Validation Certificate from the States of Guernsey for our CAMO and so we are able to offer additional services to our already granted certificates from the Government of Bermuda and Cayman Islands.

For more details please contact [camoservices@ames.co.at](mailto:camoservices@ames.co.at).

## AMES Cooperation with Aviation Graphix, Ireland

Due to our new cooperation with Aviation Graphix from Shannon, Ireland we are now in a position to use a newly opened production facility located next to our AMES headquarter in AUSTRIA. Any decals, placards or signs can be produced according your requirement and delivered with an EASA Form 1 from our AMES POA. This enables us to further improve lead times and quality of any placard, decal or signage production.

For further details please contact us via e-mail on [services@ames.co.at](mailto:services@ames.co.at) or see our new and improved website on [www.ames.aero](http://www.ames.aero)
