

Newsletter No. 17, December 2013

**Welcome,**

to the 17<sup>th</sup> edition of 'AMES *High*', which aims to keep customers and suppliers informed about major changes and developments at AMES in the Design, Production and CAMO fields.

*We wish you a  
Merry Christmas and  
a successful New Year!*

## **New AMES Products for "B737 Sky Interior" Cabin Reconfigurations**

Recent customer enquiries about cabin products for the new **B737 Sky Interior** encouraged AMES to design, certify and produce a number of new products for this interior configuration of the B737. The new AMES products for **B737 Sky Interior** cabin reconfigurations will be superlight designs. The new designs using latest materials and manufacturing techniques will be 30% lighter than existing components.

All AMES products can be delivered – starting in the 2nd quarter 2014 - within a **lead time of only 6 to 8 weeks** - depending on the level of customization - including EASA Form 1 and approved engineering documentation for installation.

The following products supporting **B737 Sky Interior** cabin reconfigurations will be developed by AMES:

- Partition and windscreens
- Curtain headers including curtains
- Light weight moveable class divider and curtains
- Stowages

For the upcoming Christmas period our DOA and CAMO offices and also our production facility will be closed from 23 December 2013 and we will be available for our customers as of 02 January 2014.
